## WHAT PAST PARTICIPANTS SAY?

*"When I first read the book "Your Money Counts" I felt a special sensation, it was like fresh water in the middle of the desert. I attended a course on the book and shortly after I went to one of the Compass conferences in Europe. I experienced opposite feelings, on one hand the shame of not having known before about the existence of the Compass ministry but on the other hand the satisfaction of discovering what the Bible teaches about money and possessions. Therefore, I highly recommend everyone attend these conferences, not only for what we learn to put into practice in our daily lives, but also to disciple others to apply God's financial principles and live free of debts".*
